June 2023 Newsletter

Taking a Look Back at Last Month:

- We delivered a backyard office to Utah, our first out West project (photos above)
- We started units 1-4 out of the 9 total Milla Longs for the resort project in Stowe, VT
- We started to build our first My Galia Sauna unit for a Texas client - we can't wait to share photos on our Instagram account

What's Happening this Month:

- We are finally hosting our grand opening and ribbon cutting event on June 21st from 11am-1PM with the Mayor of Waukegan. This is a great time to come out and tour our factory, view an almost complete Milla long unit, and learn more about the entire process

Upcoming Announcements:

- Check back next month!

What's Going on in the Industry:

- A National Association of Home Builders survey revealed that 88 percent of home builders had seen an increased demand for home offices — a Californian Architect stated “The days of offices with bookshelves behind the desk, and a couple of chairs, are over.”
